

## CHALLENGE 6 FLOATING UP AND DOWN

8  This time, let's make the second part move up and down on its own.

Try to make the second part always either:  
3 steps above,  
5 steps above  
6 steps above or  
8 steps above  
the first part.

1. Count up from the bottom note and write a note there!

STEPS ABOVE: 3 5 6 8 6 5 3 3 5 6 8
