

Listening 🎧 🎵 🎧 🎵 🎧 🎵

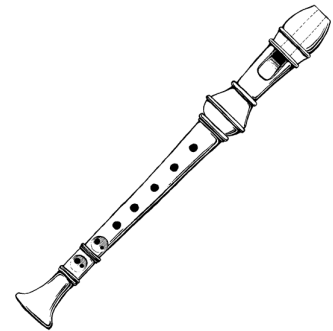

Ode to Joy

- Point to each note when you hear it!
- [A different Ode to Joy!](#)
- Watch the coloured keys on the piano.
- It always moves to keys which are touching.

Merrily We Roll Along

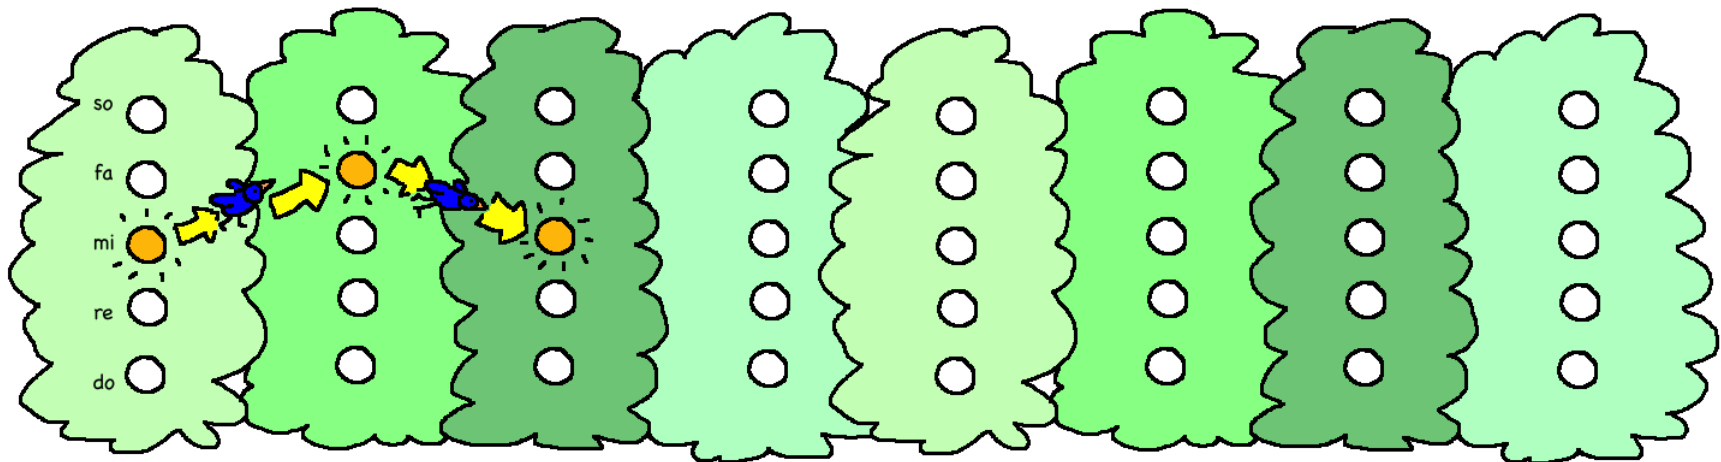

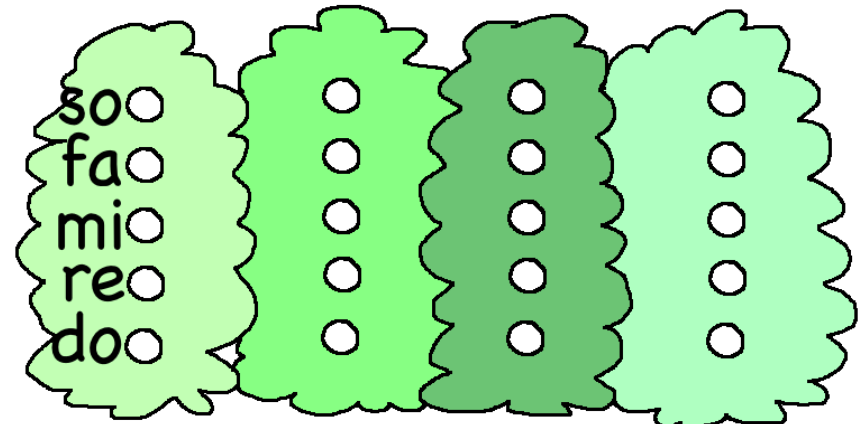

- Play along as you listen!
- If a note is on a **line**, the next one will be on a **space**.
- If a note is on a **space**, the next one will be on a **line**.

If you're stuck, ask a grown-up!

Every tree has a bubble for do, re, mi, fa, and so.

But Bert the Bluebird only flies one bubble up or down!

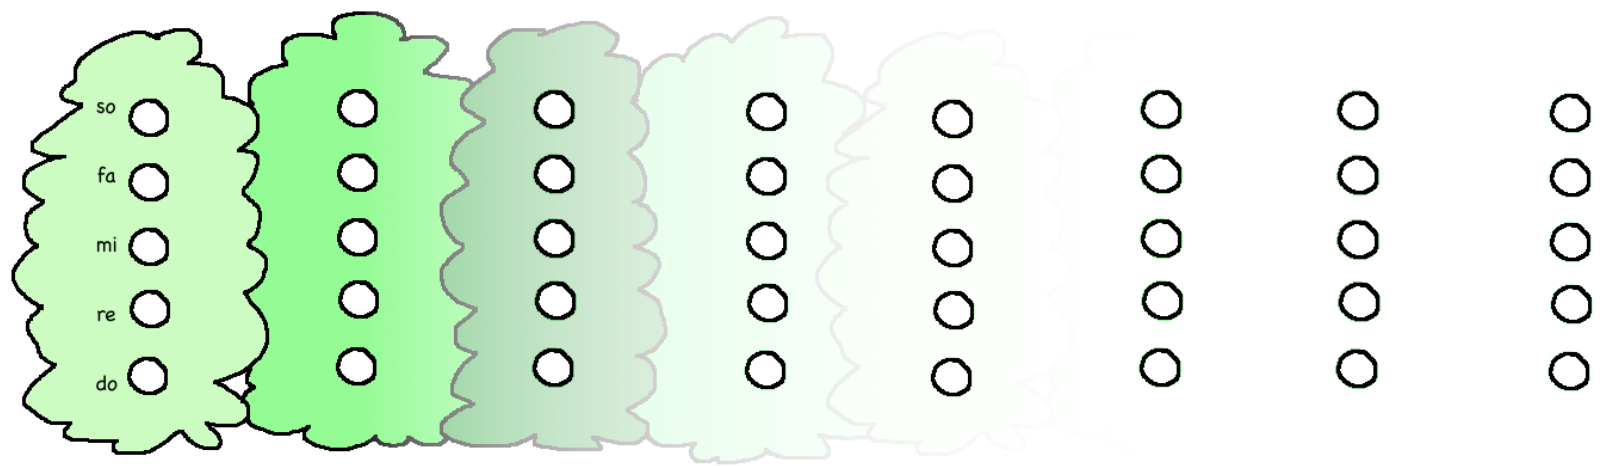

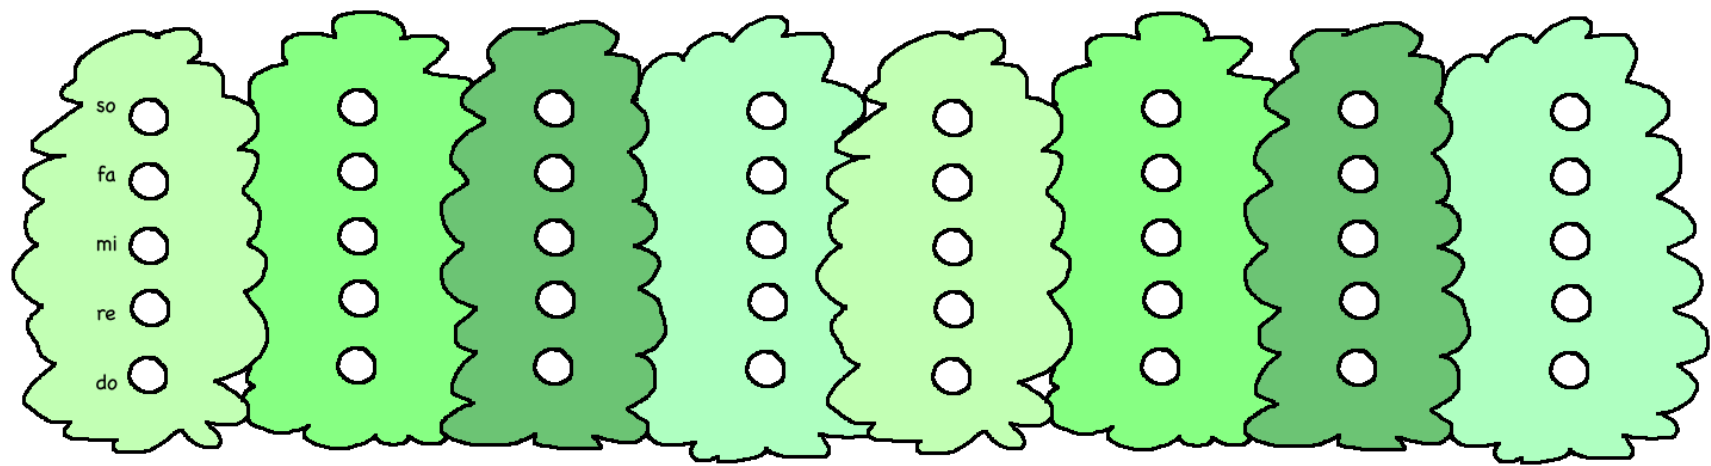

Three bubbles are **already coloured in**. Play or sing them!

Now, colour in one bubble on each other tree. Make sure Bert the Bluebird can fly between them!

Try playing from the beginning to the end!

Try some on your own, and play it on your instrument!

Let's write with piano keys instead of trees! Each circle you colour in is a musical note.
